

ANCIENT WISDOM TEACHINGS

Presents

February Light Lectures

with Cynthia Signet

Thursday, February 7, 2008: Toltec Wisdom/Part I

Tuesday, February 12, 2008: Toltec Wisdom/Part II

The ancient teachings of the Toltec, known as *The Path of Freedom*, consist of codes of conduct and levels of self-mastery for ultimately attaining personal freedom and happiness through self awareness, intent and conscious choice. These two classes will provide a solid introduction to these teachings, created and practiced by the *Maestros Naguales* over 2000 years ago, in the ancient pyramid city of Teotihuacan (*the place where humans become as gods*).

Please note that only those who participate in Part I may attend Part II, as it is a continuation of the teachings.

Thursday, February 21: Ascension and the Light Body

These are extraordinary times that we are living in. The door between the conscious and the super conscious mind has been opened, and we, the planet and our entire solar system are now in the initial stages of transformation from the third dimensional realm into a higher vibrational frequency. What transformational changes can we expect to witness during these times, in ourselves as well as the planet, and what is really meant by the terms "ascension" and "the light body"? A fascinating glimpse into the shift of the ages!

Thursday, February 28: Prophecy, the Sixth Sun and 2012

Many ancient traditions and texts speak of this current cycle as the end of time as we know it, and the beginning of a new Golden Age of Light. We will explore the prophecies and the message that the Earth's wisdomkeepers have to share with us, for making an easier and more harmonious passage.
